

BSOBOON

BSO BOON forced to close by the Dutch government due to Covid-19 crisis

NEWSFLASH SPECIAL

Dear Parent(s)/Guardian(s),

We were completely surprised by the 180 degrees turning of the Dutch Government in which they, despite earlier statements, have decided to close ALL schools up till January 19th. 2021.

To-day BSO BOON has contacted the GGD requesting to be able to give day care for the children during the Xmas holiday. The GGD has decided, forced by the government, to turn this request down.

Consequently BSO BOON will be closed for the period of 16th. of December up till January 19th. 2021.

Of course, we will immediately inform you if there are any changes in the expiry date.

Our office will be opened during the whole period, with the exception of Xmas and New year days, daily between 10.00 and 12.00 hours by phone 020-4721300 or e-mail info@bsoboorn.nl.

For the children from parents in the so-called vital professions we are of course open. Please be aware of the fact that we have to control, according to the guidelines of the government, if the profession is considered as vital. To apply for this service please contact us by e-mail info@bsoboorn.nl.

We wish you, despite the awful crises which is hitting us all, a very merry Xmas and a happier and much better and healthy 2021.

BSO BOON Directors,
Alex Baarda, Donald Speelman
